List of Exotic Plants

CLIMBING ROSE "Fern Roehrs"

(Plant Patent No. 606)

A fully double sport of Paul's Scarlet, 80-100 petals, which will not shatter easily; most promising both as forcer or outdoor climber. Fall and winter shipment, dormant; List priceea. 2.50

ORDERS: Because of the limited Mother stock in some species, orders can be accepted and filled only if and when saleable plants are available; acknowledgement will be made giving approximate time of shipment. **Minimum order, \$2.50.**

TERMS: Cash with order; prices include packing; transportation Express collect. Claims for damage in transit must be filed with carrier. We will exercise all care to ship safest way, but because of the tender nature of many Exotic Plants, we cannot assume responsibility for their safe arrival and future growth.

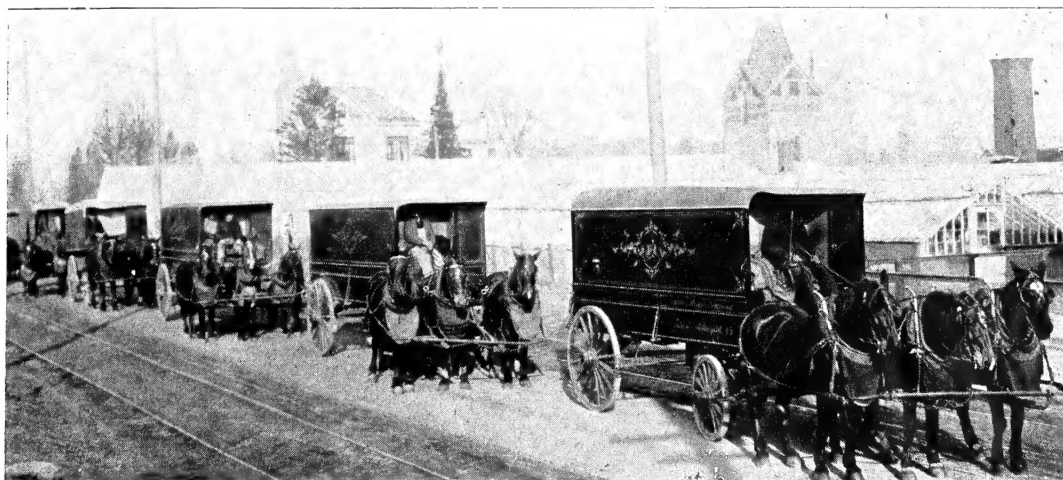

VISITORS: In our 120 greenhouses are probably grown the largest assortment of Ornamental Plants under glass in America, and plant fanciers are cordially invited. However, for the protection of our wholesale customers, sales of plants can be made from this list only.

WE ARE WHOLESALE GROWERS, producing large quantities of popular Flowering and Foliage plants for distribution through Retail Florists.

However, there is a Treasure Chest of lesser known Exotic or so-called Stove Plants which the Julius Roehrs Company has collected from all parts of the world and for which the firm has been famous for over 75 years.

This group of rarer plants is not usually carried by florists and it is the purpose of this list to keep them available to the plant lover when they cannot be had elsewhere and the usual Florists plants are therefore not included here, but if local florists cannot supply a certain variety, please write us.

No attempt is made to compete with sources where some of these species are offered at lower prices, and our plants are priced commensurate with the limited stock grown.

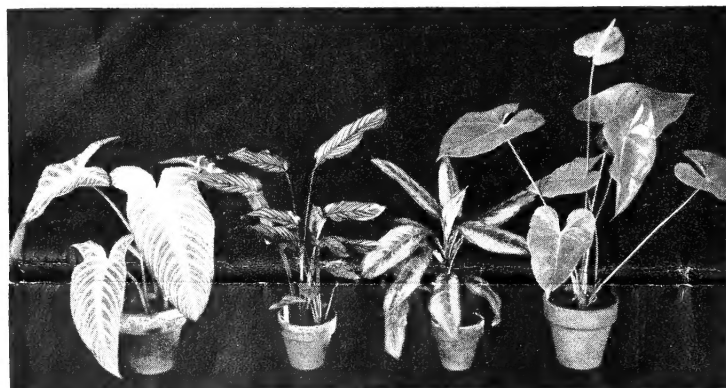

Delivering "The Goods" Some Fifty Years Ago

SIZE is relative and determined by growth habit:

SMALL size generally means offshoots, divisions or rooted cuttings from 2¼" or 3" pots;

MEDIUM size are more matured plants, usually 4, 5, or 6" pots;

LARGE size will be good sized or specimen plants and may be in 5, 6, 7, or 8" pots.

B. Lady Mac ; Christmas flowering rose; floriferous.....			1.50 .60
B. Genesee Beauty ; dark rose, compact growth (for Christmas).....			2.00 .75
BEGONIA REX (Assam):			
B. Rex Salamander ; (10) slender, green and silver.....			1.50 .75
B. Rex Fairy ; strong and bushy, silver with green veins.....			1.50 .75
B. Rex Libelle ; dwarf growth, green with pink sheen.....			2.00 1.00
B. Rex Helen Teupel ; very dark red, diadema type.....			2.00 1.00
B. Rex Herman Teupel ; dark, large leaf.....			2.50 1.25
B. Rex Mad. Rampke ; dark, rough foliage.....			2.00 1.00
B. Rex Peace ; strong, silver with red sheen.....			2.00 1.00
B. Rex Meteor Superba ; hard, mottled red and silver.....			3.00 1.50
B. Rex Vesuvius ; darkest red with rosy spots.....			2.50 1.25
B. Rex Pres. Carnot ; good grower, crinkly silver leaf.....			1.50 .75
B. Rex Silver Queen ; olive green with silver band.....			1.50 .75
B. Rex Bella ; purple, dusted silver.....			3.00 1.50
B. Rex Her Majesty ; purplish red with silver band.....			3.00 1.50
B. Rex Midnight ; large dark red, silver band.....			1.50
BELOPERONE guttata (Brazil), Shrimp plant, copper.....			1.50 .75
B. amherstia , red, dwarf growth.....			1.25

BROMELIADS

Spectacular Tropical Semi-Epiphytes, distinguished by brilliant bracts or interesting foliage. Useful as Natural Vase plants, and they are easy to keep:

B6 B5 B2 B13

Per Plant: Large Medium Small

AECHMEA fasciata (B1) (Brazil), green with silver bands, rose bracts	2.50
A. fasciata superba (Belgian hybrid), strong silver markings	4.00
A. caligulata (Brazil) light green, bracts yellow.....	2.50
A. miniata discolor (Brazil), bronzy-green with purple reverse	3.00
A. fulgens (S. America), gray-green, silver cross bands....	2.00
A. fulgens (B2) discolor, silver and purple; red berries when in flower.....	2.50
A. weilbacki , foliage copper and green, red bracts tipped orchid	3.50
A. caudata variegata , (B3) green and white, yellow flower spike	6.00

B4 B3 B1

AREGELIA marmarata , green with purple marbling.....	2.50
A. spectabilis (B4) green, red reverse with silver bands, red tips	3.50
A. tristis , gray with chocolate markings.....	2.00
ANANAS sativus variegatus , (B5) rose and yellow variegated Pineapple	L. 25.00 20.00
BILLBERGIA thyrsioidea (Brazil), foliage green, red bracts with blue flowers.....	1.50
B. pyramidalis (Peru), gray with silver bands.....	1.25
B. nutans (B38) (Brazil), Queen's Tears, narrow silver foliage, rose bracts.....	.60
B. saundersi hybrids (B44) (Brazil), Rainbow plant, bronze or varieg.	1.25
B. alberti hybrids , (B31) gray, powdered white.....	1.25
BILTANTHUS beuckeri , (B7) dwarf, green with bronze.....	1.00
B. distachia hybrid (B34) narrow foliage, gray green.....	1.00
B. quintitissima , hard foliage of tubular growth.....	1.00
B. macrocalyx , gray-green with silver bands.....	1.00
B. rubro-cyanea , bronzy green with ivory blotches.....	1.50
B. Sandersii , (B6) short, blotched pink and ivory.....	1.50
B. zebrina , gray, tigered silvery.....	2.50

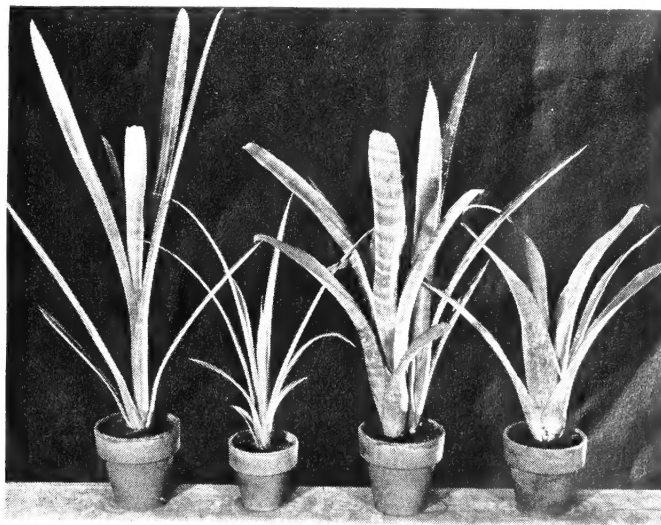

B9 B10 B7 B8

CRYPTANTHUS bivittatus , long brown stripes along leaf....	1.00
C. beuckeri (S. Brazil), gray green mottled.....	1.00
C. osyannus , pink, copper and green, broad foliage.....	.75
C. roseus pictus , (B8) reddish star with rose stripes.....	.50
C. terminalis , (B9) upright green with bronze.....	.75
C. zonatus zebrinus , (B10) brown or bronze with tan tigering	1.50
C. acaulis ruber , small, dark bronze.....	.50
C. acaulis , small gray-green, dusted silver.....	.50
DYCKIA sulphurea , low star shaped, hard.....	.50
NIDULARIUM amazonica , purple, very showy.....	5.00
N. fulgens (Perringeana) (B11) pea-green with dark spots, toothed	7.50
N. innocenti , green with pink and purple.....	2.50
TILLANDSIA Lindenii (Peru), narrow green and brown foliage, blue flower bracts.....	20.00

B12 B11 B14

VRIESEA magnifica , (B12) golden bracts, light green fol....	6.00
V. Erecta , (B13) sword-like red spike with yellow flower	10.00
V. Favorita , (B14) magnificent red spike with yellow flower	7.50

B34 B38 B44 B31

FERNS:

ADIANTUM Charlotte ; very fine lacy foliage.....		1.00
A. wrightii gloriosum ; (21) large Maiden Hair fern.....	1.50	.75
CIBOTIUM Schiedeii (Tropical Mexico), Regal tree fern.....	5.00	
CYRTOMIUM rochfordianum (India), Dwarf Hollyfern.....		.75
DAVALLIA fijiensis plumosa (Polynesia), slow, fine leaf, for hanging basket.....		2.50
D. pentaphylla (Java), dwarf creeper.....		2.50
NEPHROLEPIS Colorado , fine Lacefern.....	3.00	1.50
N. boston. Trevillian , (22) upright feathered Boston fern....	2.50	1.50
PLATYCERIUM alcinome (23) (Australia) Staghorn fern, grayish, durable.....	7.50	2.50
P. Alc. majus (Polynesia), thick leathery fronds.....	15.00	
P. Willincki (Java), narrow fronds, with numerous antlers, silver-gray.....		5.00
POLYPODIUM subauriculatum knightii (India), graceful durable but slow growing hanging basket fern.....		5.00
P. Mandaianum , bluish silver, very graceful yet tough.....	3.00	
POLYSTICHUM tsus-sinense , dwarf and durable miniature fern.....		.35
PTERIS (Australia), Tableferns in var.....	1.00	.50
SCOLOPENDRIUM cristatum (Europe), Hart's tongue.....	3.00	1.50
SELAGINELLA caulescens (24) (China), hard, upright growing, stands up well.....		1.00
S. denticulata (Mediterranean), spreading Clubmoss.....		.50
S. Emmeliana (S. America), graceful little moisture-loving fern.....		.50
S. kraussiana Brownii (Azores), low mossy cushion.....		.35
S. uncinata (China), low bluish creeper.....		1.00
S. wildenovii (India), shimmering blue tropical climbing fern.....		1.50

Per Plant: Large Medium Small

FICUS radicans variegata (25) (East Indies), dwarf variegated creeper75
F. repens (China), little flat climber for walls.....	1.50	.50
F. elastica rubra (East Indies), Red Rubber plant.....	3.50	
F. elastica Doescheri , (26) varieg. Rubber Plant.....	3.00	
F. exotica , graceful narrow leaved type.....		1.00
F. pandurata (China), Fiddle leaf plant, mammoth leaves, good decorator	10.00	
FITTONIA argyryoneura (Peru), low creeper, vivid green with white veins.....		.75
F. verschaffelti , red veins on dark green foliage.....		.75
F. verschaffelti pearci , (27) rose veins in large green foliage		1.00
GARDENIA grandiflora (China), large fragrant double flowers	3.00	1.50
G. Veitchi , very willing bloomer.....L. 5.00	2.00	.75
GLORIOSA Rothschildiana (Africa), climbing lily, yellow and red, (tuber or plant).....	3.00	
HEDERA maderensis variegata (Canary Islands), large leaved variegated Ivy.....		.35
H. helix Pinoak , dwarf self branching creeper.....		.35

27 1 25 29 28 43

HEMEOGRAPHIS Colorata (28) (Java), dark purple trailer75
HELXINE soleirolii , Baby Tears, for ground cover.....		.35
HIBISCUS sinensis , China Rose, double rose.....L. 10.00	1.00	
H. regia maxima , large single bright red.....L. 10.00	3.50	1.00
HOFFMANNIA refulgens (Mexico), Red velvet foliage with prominent veins, metallic sheen, low growth.....	2.00	
H. Ghiesbreghtii , (Mexico), velvet green foliage, narrow, red reverse, upright growth, prominent light ribs....	3.00	1.50
HOMALOMENA wallisii (Colombia), variegated foliage, low	5.00	
HOYA carnosa variegata (Trop. Asia), varieg. Wax Plant..	2.00	
IMPATIENS Sultani variegata , white edged foliage, and rose flowers in continuous bloom.....		.50
I. Sultani (Zanzibar), free blooming salmon.....		.75
IOLEPIS gracilis (29) (Europe), miniature Bullrush.....		.50
IXORA coccinea (E. Indies), Prince Albert; salmon red.....	3.00	1.50
JACOBINIA Magnifica (Brazil), spike of rose flowers.....		1.50
JASMINUM officin. grandiflorum (Himalaya), white Spanish Jasmine	1.25	
J. Sambac , Maid of Orleans; Arabian Jasmine, double, very fragrant		1.50
KENTIA forsteriana (Lord Howe Island).....	7.50	.75
MARANTHA Calathea lietzei (Brazil), tough green variety, with light feather bands.....	2.00	1.25
M. Calathea makoyana (Brazil), low growing, round leaves with transparent windows, red reverse.....		2.50
M. Calathea ornata roseo-lineata (30) (Colombia), green with pink stripes, upright.....	2.00	
M. Calathea Van den Heckeii (Brazil), dwarf, transverse silver bands	1.50	1.00
M. Ctenanthe oppenheimiana (Brazil), green blade, feathered gray, red reverse.....	2.50	1.50
M. Ctenanthe oppenheimiana tricolor , green and white varieg. with red reverse.....		2.50
M. Arundinace aurea (Trop. America), yellow and green var. arrow root.....	2.00	1.25
M. Discolor (Brazil), dark green, shiny, red reverse.....		1.50
M. kerchoveana (Brazil), green with chocolate blotches....	1.50	1.00
MARCIA Northiana (Trop. America), outer petals white, with brown base.....L. 5.00	2.50	
MEDINILLA magnifica (Philippines), trusses of rose-pink flowers		7.50
MUEHLENBACHIA Platyclada (48) (Solomon Islands), Tape-worm plant	1.00	
MUSA cavendishi (South China), Chinese dwarf banana	15.00	10.00

NEPENTHES — The flesh-eating Pitcher Plant of the East Indies

NEPENTHES, insectivorous tropical Pitcher Plants (31)
(Malaya and East Indies).....

N. Curtisii (Borneo)	L. 25.00	15.00	7.50
N. Rafflesiana (India)			12.50
